## PTS-PRÜFTECHNIK GMBH

Individual list according to subject area and field of activity:

### Drive components / drive systems / complete drive

- Trial / Testing / Test service
- Development / Engineering / Development support
- Endurance testing / Functional testing / Diagnosis
- Functional development

### Cooling circuit / thermal management

- Trial / Testing / Test service
- Development / Engineering / Development support
- Endurance testing / Functional testing / Diagnosis
- Function development

### Vehicle testing / road test / vehicle technology

- Trial / Testing / Test service
- Exhaust measurement / Exhaust measurement technology / PEMS
- Endurance testing / Functional testing / Diagnosis
- Prototype production / vehicle conversion

### Design / Simulation / Calculation / Virtual testing / Consulting

- Trial / testing / testing service
- Development / Engineering / Development support

### Test bench technology and infrastructure

- Construction / Conversion
- Test automation
- Project management / Project management support

TOGETHER INTO THE CO2-NEUTRAL FUTURE!
